

CASEC is a digital organizer of chemical substances and mixtures

Save Money and Time & Get Overview

Your employees will spend less time keeping track of and managing chemicals. You will always be informed and ready for updated prints and outputs for inspections or audits.

Name	Safety Data Sheet	Safety card	GHS	Classification and labelling	Code	Signal Word	State	Manufacturer
1,2-dichloroethan	☰	☰	☠ GHS07, ☠ GHS08, ☠ GHS09	Acute Tox. 3, H331 Acute Tox. 4, H332 Carc. 1B, H350 Eye Irrit. 2, H319 Flam. Liq. 2, H225 Skin Irrit. 2, H315 STOT SE 3, H335	400	DANGER	Liquid	SIIGMA-ALDRICH spol. s r.o.
1,3-difenylnitrobenzen	☰	☰	☠ GHS07	Eye Irrit. 2, H319 Skin Irrit. 2, H315 STOT SE 3, H335	358	WARNING	Solid	Ing. Petr Švec - PENTA s.r.o.

Aceton	☰	☰	☠ GHS07, ☠ GHS08	Eye Irrit. 2, H319 Flam. Liq. 2, H225 STOT SE 3, H335 EUH056	13	DANGER	Liquid	Severochema, družstvo pro chemickou výrobu, Beneč

Instant display, simple and organized one-touch viewing, sharing or printing of reports for OHS, Fire Protection, and EMS; label printing; chemical cards creation

Extensive database 110000+ substances with detailed information

Almost 7000 SDS in different languages from large producers

Elimination of mistakes thanks to the pre-set codebooks

Classification of mixtures and creation of SDS in all EU languages and others

Notification of hazardous mixtures to ECHA

for EU member states and their languages using S2S system

Quick search of hazardous substances implemented and updated lists of restricted substances according to REACH, GADSL, P65, RoHS, POP's and others.

Safety Data Sheets for all employees easy access thanks to the web browser in off-line mode
